INDUSTRIAL MATERIAL CORP.

Our brand means more than the integration of supply, fabrication and painting, and even more than quality, service, and value.

At Industrial Material Corporation (IMC), "all angles covered" means we are responsive, knowledgeable, and flexible. IMC is committed to long-term mutually beneficial relationships.

SUPPLY

Over 60 years ago, IMC began as a steel, pipe, fitting, and fastener supplier. Today, we stock more than 5,700 line items with the resources to, quickly acquire almost anything you need.

History

In 1958, Harold Levy founded Industrial Material Corporation (IMC), the first metal service center in Galveston County, Texas. Over the years, IMC has grown by adding products and services that provide real value to industry and allied businesses.

INDUSTRIAL MATERIAL CORP.

Whether selling a single box of bolts at our Sales Counter, delivering bundles of steel on our truck, or fabricating and painting over the weekend to meet a rigid schedule, IMC's representatives are exceeding expectations.

FABRICATION

IMC's AWS D1.1 Certified Welders meet challenging schedules and specifications. As solution providers, we are able to supply a single pipe shoe or entire projects in the hundreds of tons.

Since 1990 Industrial Material has invested in the people, facilities, and equipment to do the job right the first time.

Typical Items

Pipe Shoes
Pipe Supports
Instrument Stands
Stairs
Platforms
Ladders and Cages
Embeds
Racks
