METALS SERVICE CENTER

Industrial Material Corporation (IMC) stocks, processes, and fabricates metals; and the list below represents a portion of our inventory. Value-added services include cut-to-length, burn-to-spec, rolling, hole punching, and more. IMC also provides in-house application of zinc, epoxy, enamel, and other coatings.

METALS AND GRADES:

Carbon Steels:

A36 Black or Galvanized

1018 Cold Roll

Stainless Steel: 304 and 316

Aluminum: 3003, 5052 and 6061

PRODUCTS:

Round Bar

Flat Bar

Angles

Beams

Channels

FABRICATION

IMC's AWS D1.1 Certified Structural Welders meet challenging specifications and schedules. Industrial Material fabricates anything, from a single pipe shoe or instrument stand, to truckloads of structural steel. We also provide in-house application of zincs, epoxies, enamels, and other coatings.

TYPICAL ITEMS:

Pipe Shoes and Supports

Instrument Stands

Switch Racks

Embeds

Shims

Stairs and Walkovers

Handrail

Ladders and Cages

Skids

Platforms

INDUSTRIAL DISTRIBUTION

IMC is an Industrial Distributor, stocking a wide variety of products, a portion of which are described below. Below is a partial listing of the approximately 6,000 line-items IMC stocks. Moreover, Industrial Material has the knowledge and resources to quickly acquire almost anything you need.

A53 Black or Galvanized, Threaded and Coupled or Plain End
A106 Seamless
304 Stainless
6061 Aluminum

FASTENERS:

Stud Bolts
Hex-Head Bolts
All Thread
Wedge Anchors

SUPPLIES:

Gaskets
Pipe Hangers
Cable, Rope and Chain
Welding Rods and Accessories
Abrasives
Safety Equipment
Lubricants and Chemicals

FITTINGS AND FLANGES:

Butt Weld
Forged Steel
Malleable Iron
Pipe Nipples

WHY IMC?

Our brand means more than the integration of metals supply, fabrication, and industrial distribution, and even more than quality, service, and value. Whether selling a box of bolts at our Counter, delivering tons of steel on our truck, or fabricating and coating over the weekend, the team at Industrial Material is responsive, knowledgeable, and flexible.

HISTORY

In 1958, Harold Levy founded Industrial Material Corporation (IMC), the first Metals Service Center in Galveston County, Texas. IMC also began as an Industrial Distributor, focused on pipe, fittings, fasteners, and related items. In 1990, Industrial Material began fabricating. IMC continues to grow by adding products and services benefitting heavy industry and its allied businesses.
